

**City of Coral Gables
Development Services Department**

LOW VOLTAGE PERMIT EXEMPTIONS

Effective **October 1, 2013**, the following low voltage electrical permits will be exempt from permit requirements for residential installation and repairs (single family residences, duplex or townhouse):

- Burglar Security Systems
- Master TV Antenna
- Sound Intercom
- Data Communication Cables
- Central Vacuum
- Telephone and Communication
- Smart house

Please be advised that permits are still required for commercial including multi-family buildings such as, but not limited to, condominiums and apartments. For commercial installations in existing buildings where renovations or alterations are not being performed (no building permit), a schematic diagram showing fire walls and types of wiring signed by the qualifying agent is required at time of permit application to ensure the integrity of fire resistant rated assemblies.

Notice: All Burglar Security Systems must be registered with the City of Coral Gables Finance Department.
